Conditions of Repair and Servicing of Equipment

These conditions apply to any agreement between Stu Culley Photo Services and any customer (individual or organisation) entrusting us with equipment for evaluation for repair.

Estimates

The estimates that Stu Culley Photo Services provide are based on prior knowledge, experience, examination and diagnostic equipment.

Estimates may be subject to later revision if the internal condition of the equipment is not as anticipated (e.g. unexpected damage or third party damaging), or if on further examination we find additional work is required. In these circumstances we will provide a re-estimate of the work and costs.

Our estimates should be suitable for insurance purposes, we would advise contacting your insurer for their policies and claim procedures. If an additional letter is required those will be provided Free of Charge

Estimates are valid for Four Working Weeks from the date of the estimate.

Refusals of “off Site” repairs and Service

No refusal charge is incurred, Stu Culley Photo Services will then send the equipment back to the customer within Five working days of receipt of the postage and packaging costs.

Unfortunately, Stu Culley Photo Service has insufficient storage space to hold items indefinitely and the return of the goods must be processed within three working weeks.

If this does not occur a tracked reminder E-mail will be sent along with a recorded letter and the equipment will be disposed of. We may charge storage fees if extended storage is requested.

Repair Times

All effort will be made to minimise turnaround time. Actual times will fluctuate according to demand and availability, but estimated turnaround times should be no more than Five Working Days

Any dates quoted by Stu Culley Photo Services for completion of repair work are approximate and not guaranteed; we cannot accept liability for any consequential loss suffered as a result of a delayed repair.

Some delays may occur whilst we await supply of spare parts required to complete a repair. Every effort will be made to keep the customer informed of progress, but such delays are beyond Stu Culley Photo Services' control.
